Packing-If you are planning on doing this yourself, begin at least two weeks before your move, start with things you will not need access to, label boxes, with the details of contents, and put which room it belongs to.

One day prior to your move check the following

Freezers are fully defrosted, with no water left inside (all frozen food removed)
Washing Machine/Dishwashers are fully disconnected
Valuables Remember to put your valuables and important documents somewhere safe
Have your mobile phone fully charged
